An innovative shooting tripod with REAPER mount for 21 mm Picatinny rail

A high-end shooting tripod used by sports shooters, hunters and law enforcement for standing, sitting or lying down shooting.

- Machined from aircraft aluminum alloy
- Reversible 3/8"-16 or 1/4"-20 thread for mounting a weapon rest head
- 3 foot spread positions
- Durable foam coating for a secure and firm grip
- Legs with 3 extensions with robust locking system
- Maximum authorized load: 11 kg
- Central column adjustable in height and reversible.
- Fully extended height: 1.82 m
- Fully folded height: 68 cm
- Weight: 2.495 kg

The REAPER RAIL provides safe and effective attachment to the rifle's 21mm picatinny or weaver rail. This combo is perfectly suited for longer range shooting with the AR15 or AR10.

The mounting head benefits from numerous adjustments in elevation, drift and slope in order to be able to adapt to all shooting grounds.

REAPER RAIL PICATINNY mounting head

- Ultra sturdy aluminum construction
- 21mm Picatinny / Weaver Rail Mount
- 360° rotation with lock
- Tilt adjustment to 22°

- 109° elevation range (21° up and 87° down)
- Offset head to facilitate weapon handling
- Mounting on 3/8"-16 thread
- Weight 894g

Developed for precision, KJI tripods are intelligently designed to provide the shooter with incredible shooting comfort and stability.

Initially dedicated to members of law enforcement, the KJI PRECISION shooting supports do not compromise on quality, resistance and finishes. They provide secure support for the weapon and relieve the shooter who has to keep his position for long hours.

Its adjustable feet coupled with interchangeable rubber pads allow it to adapt to all types of terrain, even the most uneven.
